WHOLESALE PROSECUTION URGED FOR PROFITEERING

U. S. SENATOR CALDER OF NEW YORK
ASKS THAT BUILDERS, LABOR LEADERS
AND COAL MEN BE JAILED

RECOMMENDED BY SUB-COMMITTEE

A. L. Bradford, United Press Staff Correspondent.
Washington, D. C., Dec. 13.—Wholesale prosecution of employers and labor leaders who conspired to increase the price of building materials and government control of the coal industry were urged upon Congress today. The recommendations were made in a report submitted by Senator Calder, of New York, chairman of the sub-committee on reconstruction which has been investigating the housing situation for the past several months. The housing shortage is menacing industrial growth, public health and morals, the report said.

DESTRUCTION OF CORK WORK OF BRITISH CROWN FORCES, SAY INVESTIGATORS

Cork, Dec. 14.—"We have visited Cork. Have abundant evidence fire started by Crown forces," two labor members of Parliament telegraphed London officials today. The investigators were William Lann and John J. Lawson, members of the labor commission sent to Ireland to tender peace proposals.

HARMONY MILLS CUT WAGES 22½ PER CENT

Cohoes, N. Y., Dec. 14.—A wage cut of 22 1/2 per cent, effective within the next 24 hours, was posted in the Harmony mills here today. Approximately 3,000 employees are affected.

FORMER HIGHWAY COMMISSIONER SUFFERS RELAPSE

McKeesport, Pa., Dec. 14.—Former Highway Commissioner J. Denny O'Neill, who has been ill for the past two years from a nervous breakdown, suffered a relapse yesterday at his home in this city and was unconscious for the past 12 hours. This morning he regained consciousness but his condition was still serious.

HOG PRICES CONTINUE TO SKID ELSEWHERE

Chicago, Ill., Dec. 14.—Hog prices reached a new low level here today when the hog market declined 25 to 50 cents with prices ranging from \$8.80 to \$9.10. Prices today are the lowest in four years.

\$250,000 FIRE NEAR SCRANTON

Scranton, Pa., Dec. 14.—The Raymond coal breaker, located at Eynon and owned by the Scranton Coal Company, was totally destroyed by fire last night. The loss is estimated at \$250,000. Soon after the alarm sounded the Wilson Hose Company was on the scene, but the fire had gained such headway that the equipment was not sufficient to fight it. Calls were sent to other companies but it was found that the water hydrant near the building had been turned off. The nearest hydrant, nearly a half mile away, was not sufficient.

MILLION A MONTH CANAL TOLL NEAR GEN. HARDING

The toll receipts of the Panama Canal are almost \$1,000,000 a month and with the normal resumption of shipping they will go considerably higher, Brigadier-General Chester Harding, governor of the Canal Zone, said yesterday. He arrived here from Colon on the steamship Ulua and is on his way to Washington to make his annual report to Congress. He said:

"For the last six months the average toll collected is about \$915,000—a very creditable showing. The surplus for the last fiscal year above the operating expenses of the canal was \$2,300,000 and over."

The record for tolls collected since the opening of the water way between the Atlantic and the Pacific, was in September last, when they exceeded \$1,000,000 he said. The November tolls were \$935,000. He added:

"It now is possible for a ship to pass through the canal in eight hours. Only moderate dredging operations now are carried on, and there has been no serious slide in the Cucuracha cut since last spring."

LOCAL SEAL SALE VERY GRATIFYING

Junior High School is the first school to report on the sale of Christmas Seals in the schools. They have taken a \$20 bond. The Salvation Army have turned in \$6.00 and are still working.

The following amounts have been handed in by the chairman:

Miss Mary Lee	\$10.00 bond
Walter Welch	5.00 bond
Dr. Reiley	5.00 bond
Dr. Ashcroft	5.00 bond
Dr. Gordon	5.00 bond
John W. Wrigley	5.00 bond
E. B. Chase	10.00 bond
A. O. Smith	10.00 bond
Miss Helena Hurley	5.00 bond
Irwin Drug Co.	5.00 bond
Silk Mill	21.00 seals
Machine Shop	10.00 bond
Chd. Brick Mfg.	5.00 bond
Keystone Ice Cream Co.	5.00 bond
Chd. Nat'l bank	52.00 bonds, seals
Chd. Water Co.	2.00

Miss Gertrude Bell returned from a week's visit with her sister Mrs. Robert Alderdice of Pittsburgh.

CHRISTMAS SEALS GOING RAPIDLY

HARRISBURG, Pa., Dec. 14.—De-mands for Christmas seals throughout Pennsylvania during the second week of the sale were so large that the Pennsylvania Tuberculosis Society had to secure an additional shipment of one million seals for distribution. Orders from county committees filled in the past week follow:

Cumberland, 40,000;	Clarion, 10,000;
Berks, 40,000;	Westmoreland, 100,000;
Cambria, 120,000;	Beaver, 40,000;
Monroe, 10,000;	Tioga, 20,000;
Montgomery, 40,000;	Greene, 20,000;
Erie, 80,000;	Wayne, 20,000;
Delaware, 150,000;	Columbia, 20,000;
Daughin, 50,000;	Lower Jefferson, 10,000;
Connellsville, 40,000;	State College, 20,000;
St. Marys, 50,000;	Waynesboro, 30,000;
Wilkes-Barre, 50,000.	

Additional health bonds have been secured by Stroudsburg, Towanda, Conneville, Blairsville, DuBois, Watsontown, Erie, Mauch Chunk, Wilkes-Barre, Shamokin, Coatesville and Clearfield.

The Towanda Rotary club, conducting the sale of health bonds for the Bradford committee in Towanda, realized more from the bonds than the entire quota in seals and bonds for Towanda. One canvasser in a half day, with eleven calls, sold \$210.00 worth of health bonds to ten persons in South Williamsport.

THE STOCK MARKET

NEW YORK, Dec. 4.—Twelve o'clock prices on the stock exchange today were: Anaconda 37½, Bethlehem Steel 51½, Central Leather 36½, Crucible Steel 81, General Electric 118½, General Motors 3, Midvale 30½, Penna. R. R. 39½, Republic Steel 60½, Sinclair 23½, United States Steel 78½, Preferred 105½, Westinghouse 40½.

FAMOUS OLD ENGINE ON DUTY IN CLEARFIELD CO.

Few residents of this section are perhaps aware that the locomotive which hauls a passenger train between Avis and Clearfield, Pa., on a branch of the N. Y. C. Railroad, is the famous "999," holder of the world's speed record for locomotives. The locomotive, now numbered 1080, while hauling the Empire State Express, reached a speed of 112 miles an hour. Although the record was established many years ago, it has never been equalled by a steam locomotive. When the engine is no longer fit for service it will be placed on exhibition in one of the company's big terminals.

POPULAR YOUNG BUSINESS MAN MARRIED

John C. Graham, son of Mr. and Mrs. Alfred Graham, and one of Clearfield's successful young business men, surprised his host of friends by quietly slipping up to Elmira, N. Y., where he was united in marriage on Wednesday, December 8, 1929, to Miss Geraldine Crandall. The ceremony was performed by Rev.

Almost a Calamity

SOLICITORS REPORT ON S. S. SURVEY

The captains met with the pastors last evening in the Presbyterian church to present their reports and turn in their cards containing the data of the survey. Some interesting reports were received. The workers, with few exceptions carried out their instructions and performed their duties faithfully and well. The "prize scholar" was reported from West Side, being three hours old when the survey was made. That scholar should be a preacher or missionary.

The cards upon which a preference was stated have been handed over to the pastor of the school who will have charge of the follow-up work. This after all is the important work. Let all those who are asked to assist in this work do so willingly, not for the glory of the school but for the glory of God. Let us bear in mind that it is the continuous dropping that wears away the rock, and if we keep eternally at it, we too, may wear away the rock of indifference and win them over for our school and Jesus Christ. Be not discouraged in well doing.

We desire in this way to thank the captains and workers as well as those who so willingly aided the workers in making the survey a success, for their faithfulness to duty. May you see the results of your labor.

BRITAIN TRIED TO PREVENT U. S. MARINE GROWTH

WASHINGTON, Dec. 13.—Desperate efforts made by the British government to prevent construction of an American merchant marine that would threaten Great Britain's maritime supremacy and to dominate the American shipping policy after this country entered the world war was revealed by William Denman, first chairman of the shipping board, before the Walsh congressional committee investigating the shipping board.

The British plan, as disclosed to the committee, was to clog all steam shipyards in this country with British contracts and force the government into building wooden ships, which would be valueless in the post-war competition for the world's carrying trade. This scheme actually was put into operation and was well under way, according to Mr. Denman, when he stepped in and frustrated it.

Dr. Williams.
The bride is a former Clearfield girl, having been a graduate of Clearfield High School in the Class of 1917.

The many friends of the happy young people will wish them many years of happiness together.

The W. C. T. U. club met last evening at the home of Mrs. Witherow on West Pine street.

R. M. Haney transacted business in Surveyor today.
Born to Mr. and Mrs. Pat Turner Sunday morning a daughter.

CLEARFIELD AND BROOKVILLE LOOK LIKE WINNERS

Sports Editor of Pennsylvania Spirit Thinks These Two Classes of High School League

CLEARFIELD'S CHANCES GOOD

A hurried analysis of the teams of the Northwestern Pennsylvania Basketball league, comprising the teams representing the Foxcatcher, DuBois, Clearfield, Brookville, Reynolds, and New Bethlehem High schools, would indicate almost a reversal of the showing made last year by the respective teams.

Brookville, Clearfield and New Bethlehem were the tail enders last year, with DuBois, Reynolds and Foxcatcher in the first section. Those familiar with the makeup of the teams for this season are predicting first division places for both Brookville and Clearfield.

Foxcatcher's five this year is well up to the average of the league but it is not exceptionally strong and local adherents of the team, while enthusiastically boosting for the five, are not making any spectacular claims as to league championship. Foxcatcher has three members of last year's five in the running this year. Thorsen, who played a sensational game at forward last season will be in at center for the locals, while Williams and Prescott will be back on their old jobs at guard. While Denison and Depp, all members of last year's squad, will fill in the other varsity positions. McQuown and Sheldon, regulars of last year, are lost to the team. The absence of both will be keenly felt.

DuBois is regarded as strong this year, although its team by no means measures up to last season's standard. Falson, the little forward who flashed strongly in the second game between Foxcatcher and DuBois on the local floor, is the only regular who has a berth on the five this year. The other regulars were members of last season's second string.

Brookville looms up exceptionally strong this year. Three of last year's regulars are sure of places and reports from the county seat are that the five is doing strong and expects to be a contender for championship honors.

Clearfield is likewise certain to be a contender for honors this year. The team didn't get away to a good start last season, although it closed the season in brilliant style. Four of the members of last year's varsity team are certain of places this year and the first man got into several of last season's games. On paper Clearfield looks to have the strongest outfit in the league.

Reynoldsville's team is regarded by some as a first division contender although it is a certainty that the

U. M. W. OF A. ELECT IS BEING HELD TONIGHT

SEVENTY-FIVE THOUSAND MEMBERS
"DUSKY DIAMONDS" CAME
NATIONAL AND DISTRICT HEADS

ORGANIZATION BITTERLY

Scranton, Pa., Dec. 14.—Today is election day for the United Mine Workers of America, between 50,000 and 75,000 workers of the anthracite field are expected to vote for national officers. As was the case of the last two elections, vote in the international field is expected to be the deciding factor or except in the offices of president and vice president, Lewis, of Springfield, Ill., for president and Pat McGowan, Pittsburgh, vice president, are candidates for re-election. McGowan is opposed by Robert Harlin, of Seattle, and McGowan is opposed by Alexander Howatt, of Pittsburgh, Kansas, who has been fighting the administration for years. All members in standing in all branches of the organization for at least six months prior and including December 1 are entitled to vote.

District President John Brophy, of Clearfield, and Vice President James Mark, of DuBois, are also expected to be elected.

GIPP, NOTRE DAME'S FOOTBALL STAR "LOSES OUT" IN DAVILE

South Bend, Ind., Dec. 14.—George Gipp, Notre Dame football player, died here at 2:15 p.m. after a long illness following three weeks illness. He had been suffering from pneumonia. Gipp's mother, sister and brother were in the city when he died. His death ended a brilliant career in the famous football star several times. Gipp had been reported several times on the verge of death. A doctor's report saved him. Early yesterday morning he was dying, but a later statement said he was not. Gipp's prowess on the field was his own. This was shown during his illness when he was in bed. He was torn by his blood to save Gipp. However, the doctors said it was not necessary.

New York, Dec. 14.—George Gipp's career as a football star and fame began. Almost simultaneously with the announcement of his death came the announcement of the greatest fullback of the year. Before death could catch him, Gipp had been named a player in the American team by the football writers, coaches and players.

MORE BLOODSHED LOOKED FOR IN IRELAND

London, Dec. 14.—With Cork under complete control of the military, the government today prepared to meet any further bloodshed in Ireland. Indications were that members of the republican army were preparing for an assault on the forces in the counties surrounding Ulster.

HARD COAL MINER CRUSHED TO DEATH

Peckville, Pa., Dec. 14.—John McNelly, aged 34, was crushed to death when he fell into a coal scraper at the Stewart colliery.

BOMB FOR KING TINO FOUND IN MILAN

London, Dec. 14.—A bomb intended for King Constantine was found in Milan, Italy, several days ago, according to a dispatch to the Daily Mail. The explosive was found in the possession of two Germans, it was said. The king's son was informed of the discovery and was reported extremely apprehensive. The king was not informed of the find.

team will by no means measure up to last year's high standard, many of those who followed the league last year being convinced that the Reynoldsville aggregation was in reality the superior of the pennant winners—the DuBois five. Boehren, star of last year's team, is lost to R. H. E. this year and Schettino, who was Boehren's running mate at forward last year, is the only regular left to the varsity. The remaining members of the squad are said to be showing up in fine style, however, and Reynoldsville fans are predicting a first division place for their team.

New Bethlehem suffered heavier through graduation than any other team of the league and unless the new outfit shows up exceptionally well, the New Bethlehem team is not expected to be doing credibly in this year's race. Without having seen any of the six teams in action, judging solely from the performances of varsity men last season who are members of this season's squads, The Spirit would predict certain first division places for Clearfield and Brookville, with Foxcatcher, DuBois and Reynoldsville fighting for the remaining first division place.

FRANCE WANTS TRADE WITH RUSSIA

Senator Joseph I. France, of Maryland, intends to introduce a resolution that will have the effect of re-establishing trade with Russia. The primary purpose of the measure would be to afford relief to the farmers of this country by providing new markets for their products. Senator France is a member of the Senate agricultural committee, which has been holding joint meetings with the similar committee of the House in an effort to find a solution for the situation caused by the falling prices of farm products. Senator George W. Norris of Nebraska is understood to be supporting the resolution of Senator France, and together they will seek favorable action upon it.

MAKE GOOD, SAYS CAPPER

Senator Arthur Capper, of Kansas, is very much alive to the responsibilities assumed by the Republican party as a result of the recent elections. He does not let the huge majorities rolled up by his party blind his eyes to the fact that the new administration must make good in the next four years or it will be beaten just as decisively in 1924. "If the Republican party," says Senator Capper, "with its control of the House and Senate, does not carry out its pre-election promises; if it doesn't merit and gain public confidence by devoted and efficient service; if it doesn't do something before another four years to relieve the people from the swarms of buzzards that are preying upon them and upon the public welfare, I believe that four years hence it will be as completely discredited as a party as the Democratic party now is."

Transform Food Into Strength

by eating that pleasingly nutritious blend of wheat and malted barley

Grape-Nuts

When work or play calls for reserve force, this food meets the requirement.

Yet Grape-Nuts is probably the most economical of prepared cereal foods.

Hoffman & Sayers

WEST MARKET ST., CLEARFIELD, PA.

LAXATIVE for Aged People

THE BANE of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action.

Hosiery—A Delightful Gift

The loveliness and beautiful texture of silken hosiery gives it the leading place among preferred gifts. It is such a universal favorite that it will appear on gift lists over and over again. Here you have the choice of all wanted shades, lace, cloaked and plain styles. Also the newest things in silk and wool mixtures, all wool and the cashmeres.

We have hosiery for every member of the family, all specially low priced.

A federal reserve bank official says that about half the total currency of the United States is being carried in people's pockets, when it would be a great deal better invested. But it takes half the currency of the country for incidental purposes nowadays.

Virginia tobacco growers complain that they were offered only a third to a half of the prices they got last year. And does that mean that cigarettes are going to be reduced or that the cigar store man is going to pay a bigger income tax?

An expert has investigated the subject and announces that the supply of fuel oil is ample for the world's needs, and will be for many years to come. Let us see what effect his faith has on the price of gasoline.

The seismograph in Georgetown university recorded a severe shaking that may have been an earthquake or some ultimate consumer of hard coal at work with the sifter on last winter's ashes.

Germany is offering for sale in this country men's paper suits at 60 cents a suit, with fifty styles in stripes available. Not referring to their style or color, wouldn't such clothes be rather noisy?

The Master Horsehoers' association decided that the motor vehicles will never displace the horse. Nobody hears of an automobile being called on to pull a horse out of the mire on a detour.

The increasing number of mechanics who go to work in their automobiles should be viewed with satisfaction. For it means more room in the street cars for bankers and whatnot.

The former war lord of Germany is reported to have abandoned wood sawing as an exercise and taken to walking. It may be remembered that late in 1918 he developed unsuspected abilities as a runner.

SAYS IT FIRST AND SAYS IT LAST

Carrie G. Harrel, 319 Nicholson St., Norfolk, Va., writes: "I'll tell anybody that Foley's Honey and Tar is all right. It did me all the good. I said it first and I'll say it last." Thousands of bottles of this reliable remedy were bought last week by careful mothers so as to be prepared to check coughs, colds and croup at the beginning. It acts almost instantly, cuts phlegm, soothes raw, irritated membranes, stops tickling in throat.

BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts Before Breakfast if Back Hurts or Bladder bothers you

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are

obliged to seek relief two or three times during the night; if you suffer with sick headache or dizziness, nervous spells, acid stomach, or you have rheumatism when the weather is bad; if you have a persistent four ounces of acid urine; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will thank you for this famous salt. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

And Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and because in every home, because nobody can make a mistake by having a good kidney flushing any time.

Real Gifts of Usefulness KRYPTOKS

The gift that brings real satisfaction. The gift that is a real gift. These lenses are the only invisible one piece near and far sight lens that's ground. Think of the joy you can create by giving Kryptoks.

Any person who wears glasses will really appreciate this sort of gift.

COLLEGE FARM COURSES
MEET UNUSUAL DEMANDS

More than ever before, there is need at the present time for scientific training in agriculture. This need is emphasized because of the high price of farm land and the declining price of farm products; the great cost of farming implements and the scarcity of farm labor and capital, not to mention the ravages of insect pests and plant diseases.

There are over 800 young men and women enrolled in the various agricultural courses at the Pennsylvania State College, each receiving special training to meet these conditions. In addition the college will give a short winter course of training to a limited number starting January 6, and continuing for eight weeks. This course will offer an unusual opportunity for men and women of the farm to get some of the information that is necessary to cope with twentieth century problems.

Hundreds of young men in Pennsylvania through taking a similar course in years past have placed themselves in the front rank of Keystone farmers. They now own some of the finest farms in the state. They have profitable herds, productive fields and model homes. They serve as examples to their communities and are at the foundation of Pennsylvania's prosperous agriculture. Half of the 50 students that can be accommodated by the college this winter have already been enrolled. Special courses in dairy management, poultry husbandry, farm crops, orcharding, farm management, animal husbandry and soils will be offered this year.

FIERY, ITCHY SKIN
QUICKLY SOOTHED
WITH SULPHUR

Mentho Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eruptions; that is covered with ugly rash or pimples, or is rough or dry. Nothing soothes fiery skin eruptions so quickly as Mentho Sulphur. The moment this sulphur preparation is applied the itching stops and after two or three applications, the eruptions are gone and the skin is delightfully clear and smooth. Sulphur is so powerful a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho Sulphur always heals eruptions right up.

A small jar of Mentho Sulphur may be had at any good drug store.

WILL AGAIN ENFORCE
CURFEW LAW HERE

Mayor John M. Chase is of the opinion that the youth of the land or that part of Young America inhabiting Clearfield gets too far away from the parental leading strings and is rapidly going to the demerit howl. In order that proper curbing may be instituted the Mayor has decided to again enforce the Curfew Law and starting Wednesday evening December 15th, the Curfew whistle will be sounded nightly at 8:30 o'clock and all children under 16 years of age found on the streets unaccompanied and without a proper excuse will be taken up by the police force.

Mr. Fred Henry, of Philadelphia, spent Saturday with Mrs. D. W. McCurdy on Cherry street.

Edward J. Paine who has been visiting his sister Mrs. D. W. McCurdy on Cherry street returned to his home in Philadelphia yesterday.

NEWS OF
OUR
NEIGHBORS
CURWENSVILLE

Prof. Shields is Seal Sale Chairman for Curwensville.

The members of the American Legion post here are arranging for a grand social dance to be held on or about the 22d of this month. The famous Graff orchestra of Punxsutawney will be engaged to furnish the music, and as this musical organization is said to be one of the best in this part of the state, is a

warranty that there will be a good attendance.

John Wilkins, of Gary, Ind., was a town visitor on Monday. He is a brother in law of Thomas Humphrey by his first wife. It has been nineteen years since Mr. Wilkins has been in this county, and he was on his way to his old home in Jefferson county. He noted that a great many changes had taken place in Curwensville as well as among the populace since he had been here before.

One would imagine that it would not be much of a trick, as thickly wooded as this section is, to go into the woods and in an hour's time get a nice Christmas tree. Nice, well limbed trees are as hard to get as eggs at 50 cents per dozen. Last season there was a wanton waste of trees. Persons would go into the woods without the permission of the owner and cut down as many as three and four trees before they secured one that looked good to them. This year trespass notices have been posted over and on these same lands,

a method taken to prevent such a miscellaneous destruction of trees as last year and the owners of the lands are not to be censured for taking this precaution at all. No one will be refused a small tree, but first they must secure the consent of the owner of the land and agree to not cut more than one tree. If the people are favored in getting one tree without price, they ought to regard the wishes of the giver to destroy none at all.

We noticed in one of the daily papers yesterday a statistical report stating that during the year so far 3,803 persons had lost their lives in automobile accidents, figuring a rate of 14.1 of every 100,000 population reported killed the year previous. New York state heads the list, with Pennsylvania a close second.

It is a peculiar incident, but a true one nevertheless, that the largest proportion of deer killed on the mountains this season was done by parties who were taking their first hunt, and that very few of the old timers were successful in getting one. Rather a singular incident we should say, and would sum it up as cases of pure, unadulterated luck.

A case of genuine influenza was reported from the South Side yesterday, the disease taking hold of an old lady residing on Susquehanna avenue.

Capt. Dud Dunsmore states that football in Curwensville has become a dead issue for this season so far as he is concerned.

It is very seldom that the weather makes it permissible for plowing in the fields at this time of the year, yet having an occasion to go into the country a few miles yesterday afternoon, it was noticed that on several farms along the river bottom, farmers were in the field turning the ground over, and it is not likely that the horses were sweating much either, judging from the atmosphere.

A good many of our town merchants have already decorated their store rooms for the holidays. Some of the rooms show artistic taste in arrangement, while in others not quite so much care was taken to make the room look pleasant and cheerful.

Do not neglect to secure your seat early for the "Bob White" entertainment. By patronizing the show you are contributing to relief of the Rescue Hose and Ladder company, the men who come to your assistance in time of fire.

Christmas Seals are for sale at the store of R. K. Way.

The Curwensville Motor Transit Co. will resume service over the state road tomorrow on the following schedule:

Leave Curwens.	Leave Clif.
8:15	8:00 a. m.
9:30 a. m.	9:30 a. m.
2:00 p. m.	2:30 p. m.
3:00 p. m.	4:00 p. m.
4:30 p. m.	5:30 p. m.
7:00 p. m.	7:30 p. m.
10:30 p. m.	11:00 p. m.

To citizens who have not subscribed to Clearfield Hospital Campaign Fund,

OUR HOSPITAL
Is Doing
WONDERFUL WORK

On December 11 it had 93 patients from all districts of our county and some from adjoining counties.

The majority of Clearfield people do not realize what the Clearfield Hospital means to the destitute. Its doors are open to all without money or price. They have the same service of expert surgeons, skilled physicians and sympathetic nurses as the ones who pay for private room and special nurse.

Visit the hospital and see for yourself, and we know you will become interested.

The full subscription is \$200,000; Clearfield's quota is \$100,000.

Means a new maternity unit, a new pathological laboratory, more hospital room and more modern equipment, more room for nurses, so much needed now. All the \$100,000 Endowment Fund helps to provide for the future.

Again if you have subscribed send in your subscription or give same to the solicitors who are soliciting your district this week.

Liberty Bonds will be received or you can sign a pledge card and make your payments monthly. No one need oversubscribe if all do their part. Make your subscriptions this week. You cannot give to a better cause.

Shorthand Long in Use.

From references made to skilled writers in ancient literature, the information is drawn that shorthand was known long before the Christian era. The first authentic knowledge of the art dates to the first century before Christ. The pioneer of Roman shorthand was Marcus Valerius Tiro, secretary and liberator to Cicero, who devised a system which was little more than a list of abbreviations. Later it was improved to such an extent that reporters of the time could keep pace with the speakers by writing in relays. The system of the Latins fell into disuse between the Fifth and Ninth centuries, and modern stenography dates from 1553.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

County fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous, dryness or headache, no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

"The ill timed truth we might have kept—
Who knows how sharp it pierced and stung?"
The word we had not sense to say—
Who knows how grandly it had rung?"

WHAT TO HAVE FOR DINNER.

As oysters are again in the market the following dish will be a change from the ordinary way of serving them.

Oysters with Macaroni.—Cook three-fourths of a cupful of macaroni broken into inch pieces until tender. Scald one pint of oysters. Put a layer of buttered crumbs, macaroni, cheese, using three-fourths of a cupful of cheese and half a cupful of crumbs with a teaspoonful of salt, four tablespoonfuls of butter, a few dashes of paprika and the oyster liquor. Repeat until all the ingredients are used, and cover with buttered crumbs. Bake thirty minutes in a moderate oven.

Cranberry Salad.—Cook together one quart of cranberries with one pint of boiling water twenty minutes. Put through a sieve and add two cupfuls of sugar; cook five minutes. Dissolve one and one-half tablespoonfuls of gelatin in a little cold water, add to the hot cranberry sauce and stir until well mixed. Just before it begins to set pour half of it into an enamel pan which has been rinsed in cold water. Allow it to become firm, keeping the rest warm over hot water. Sprinkle one cupful of diced celery, one-half cupful of diced walnut meats over the stiff jelly and pour the remaining gelatin mixture over this, and allow it to set. When firm cut in slices and serve on lettuce leaves with mayonnaise dressing; garnish with whole nut meats.

Peppercorn Cream.—Soak one-half cupful of tapioca over night. Drain one-half a can of pineapple from the juice, divide one and one-half oranges into sections and cut the pulp in pieces. Add the juice from the oranges to the pineapple juice and add to the drained tapioca, with a few grains of salt and a cupful of sugar, and cook until the tapioca is transparent, adding a very little water if needed. Cool slightly, add one egg white beaten stiff, then turn in the pineapple and orange bits. Chill. Serve in sherbet glasses with a garnish of whipped cream and chopped marshmallow cherries.

Peppercorn Cream.—Soak one-half cupful of tapioca over night. Drain one-half a can of pineapple from the juice, divide one and one-half oranges into sections and cut the pulp in pieces. Add the juice from the oranges to the pineapple juice and add to the drained tapioca, with a few grains of salt and a cupful of sugar, and cook until the tapioca is transparent, adding a very little water if needed. Cool slightly, add one egg white beaten stiff, then turn in the pineapple and orange bits. Chill. Serve in sherbet glasses with a garnish of whipped cream and chopped marshmallow cherries.

First Aid to Tired Housekeepers This Year

Light Your Christmas Tree Electrically

A Christmas tree aglow with tiny electric lights, some in the form of fruit, of birds. All colors of the rainbow. What a feeling of security will be yours—knowing that there is no risk of fire.

This should be as safe as well as a merry Christmas. Don't risk fire by burning candles on a tinsel-covered, highly inflammable tree. Order early at the last minute—so order **YOURS**. The demand is always heavy. Particular early.

MEN'S HEAVY CHAMBRAY SHIRTS

90c

Heavy weight and full cut.

In a hubbub of feverish activity the first three days of our sale witnessed a capacity crowd jostling and shoving each other in a good natured rivalry to reach the counters that were piled with merchandise representing values that have not been equaled since the war.

Every one came expecting liberal reductions, but from the remarks gathered here and there in the great crowd no one ever conceived that merchandise of such high grade quality would be labeled at the tremendous reductions that stared at them at every turn and corner.

People from all parts of the country taxed us to the utmost to meet their heavy demand on what they termed the most drastic price reducing event since pre-war days.

As merchandise disappeared at the most astonishing rate from the table new goods replaced them and in some instances we were compelled to request further co-operation from our dealers to meet the tremendous demand for low priced merchandise.

Every day will see new bargains placed upon counters and tables and the knife applied with unstinted vigor.

Our entire stock of practical Christmas gifts are also included among the reductions and it's to your advantage that you choose an early date to attend our Anniversary Celebration and get your share of the unprecedented values.

OPENINGS FOR DIETITIANS
WASHINGTON, Dec. 14—Opportunities are now open in the hospitals of the U. S. Public Health Service for the employment as dietitians of many women graduates of schools of Household Economics who have had student training or hospital experience in civilian or army hospitals. The work, which has to do with the victualing of the hospitals, was transferred a year ago from the pharmacists to a newly established dietitian service. The section has steadily expanded, but owing to the opening of many new hospitals and the enlargement of those already in operation the dietetic personnel is as yet not nearly up to the requirements. Applications for appointment should be made to the Surgeon General, U. S. Public Health Service, Washington, D. C.

PUBLIC HEALTH SERVICE WARNS CONSUMPTIVES

WASHINGTON, Dec. 14—The migration of army patients suffering with tuberculosis to the semi-arid west is causing the U. S. Public Health Service no little concern, for all the service hospitals and all the contract hospitals in that region are now completely filled. It is considered to be very unfortunate that the patients should leave places where the government is ready and able to care for them and go to other sections where it is absolutely impossible for it to provide proper care and where even ordinary housing accommodations are largely unobtainable. The service is making and will continue to make strenuous efforts to meet the needs of the patients, but the great amount of travel to that part of the country makes the problem very serious.

PASSED 94th MILESTONE

The venerable Alexander Livingston, Clearfield's grand old man, celebrated his 94th birthday at his home on Fourth street Saturday last. Mr. Livingston retains all his faculties to a remarkable degree and is hale and hearty physically.

ASPIRIN

Name "Bayer" on Genuine

It's criminal to take a chance on any substitute for "Bayer Tablets of Aspirin." Unless you see the name "Bayer" on the package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve tablets cost few cents. Aspirin is the trade mark of Bayer Manufacture of Monocetene-acetate of Salicylic acid.

CLEARFIELD, PA.

THE INDIVIDUAL LIFE.

There is too much disposition to finish a job, get your money and go, whether your work stands the test or not. So one has put his time into the work is all he thinks about; but what he should be more anxious about, if he is an honest man is, has he put his integrity into the work? That is the main thing, and yet it is not the thing the people mainly think about. But in the exercise of one's integrity is naturally connected the employment of the time he is paid for. Neglect in putting in full time and doing honest work belongs to the same category. Time is money and it is the same thing, whichever is stolen. We speak of these things from a civic standpoint, for he who is guilty of either is a bad citizen, his politics are bad and as to his religion, he has none. An old evangelist says we must get right with God, and that is a great truth and next to it is the admonition, we must get right with our own true self. That is to say, we must honor ourselves. That is the only patriotism that is worth a cent. The future of our country lies in the individual life, says Ohio State Journal. All noble reform begins there. It is the starting point of all social betterment. Selfishness is the doctrine of materialism, which is hurting the country beyond all calculation.

America's baby crop in 1919 made a new record, says the American Child Hygiene association. Babies seemed to thrive well in some of the larger cities, where formerly the death rate was very high. Among the 24 cities of more than 250,000 population reported, 10 were below the average for the 260, and the death rate for the group was 85, two points below the general average. Houston, Texas, was the best baby-raising ground among the cities of more than 100,000 and less than 250,000, with a mark of 81. Berkeley, Cal., had a baby mortality rate of 44, while Brookline, Mass., with a population of less than 50,000, led all the rest, with the healthy percentage of 40.

A New York apple king says there will be plenty of apples for Americans this year. There are always plenty of apples, says Houston Post. The chief trouble is that about one-third the crop is permitted to rot because the manipulators are not willing for the people to eat them at a reasonable price.

Camille Flammarion, the noted French astronomer, is in a state of excitement over the fact, which he says is clearly evident, that Mars is again trying to "smell" the earth. But a great, black, pig-like, likely to inquire, "Well what is it?" and go on to the football game.

Rats, says a noted biologist, have caused more deaths than all the wars in history, and have also caused a yearly property damage in this country of more than \$100,000,000. Now if rats hadn't developed such a taste for songbirds, something might be done.

Select Your Xmas Furniture Gift Now

Many women dread to buy presents for the men folks. They don't seem to know what to select. They put it off until the day before Christmas and wear their nerves to a frazzle trying to select a pleasing gift.

Women who have studied the nature and habits of men know how much they appreciate arrangements for their comfort. So these sensible women head their lists with big easy chairs, handy book cases, reading lamps, foot-stools, smoking sets and such things that will appeal to husbands, fathers, brothers and sons.

Now is the time to do painless shopping. Our full stocks are ready. Why not come this week and be through with it?

**Rosser Furniture
Company**

Earliest French Coat of Arms.

The earliest arms of France were in three frogs (crapauds), which were figured on the shield of the mythical Pharamond. They appear again on the banner of Clovis in the tapestry at Rheims cathedral, representing the battle scenes of that monarch, who is said to have been baptized there on his conversion to Christianity. They are also found represented on a shield in Pynarus' edition of Fabian's chronicle.

Prolific Hen Honored.

Some time ago a public funeral was accorded by the villagers of Zofingen, Switzerland, to a hen that died immediately after laying its thousandth egg; and a granite tombstone was afterward erected by them over its grave.

Pike's Peak Conquered.

July 15, 1920, Dr. Frank James astonished the world by climbing to the top of Pike's peak, 14,100 feet above the sea. In April, 1919, a government war tank attempted to climb the peak, but was blocked by snowdrifts. A month later a caterpillar tractor made the ascent. Thousands of tourists now ascend the peak every year by auto, on foot and by rail.

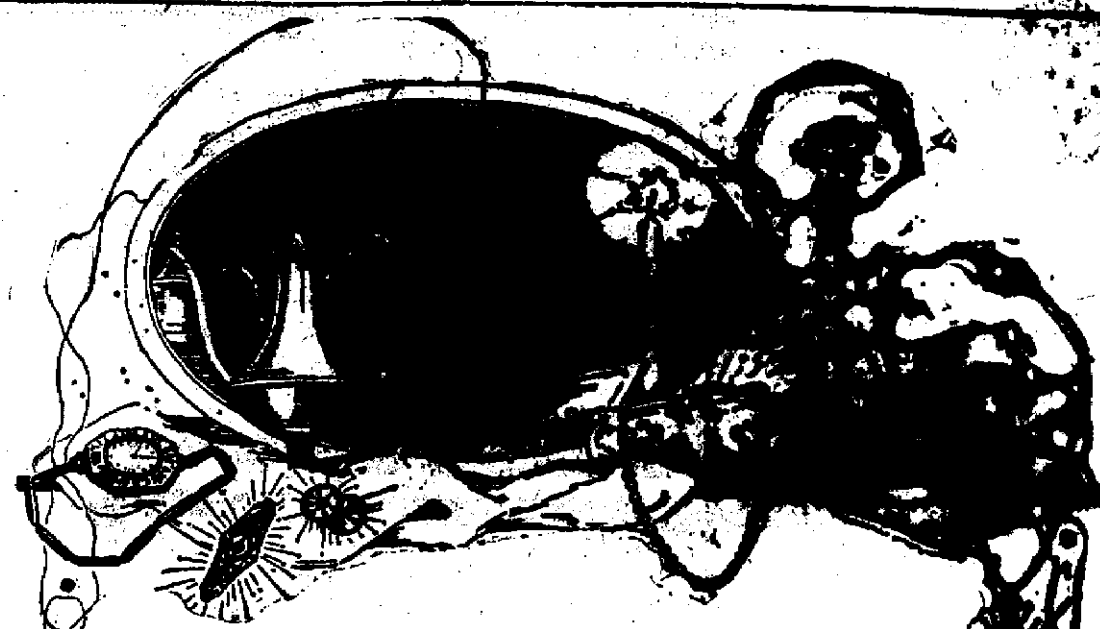

"Accredited Schools."

An accredited school is a school which has proven that its courses are satisfactory and that its graduates are capable of a certain educational standing which is required by higher institutions. These schools are passed upon by accrediting associations and by the boards of colleges.

Lines to be remembered: We should give to the world as we receive; cheerfully, quietly, and with hesitation; for there is no such thing as a benefit that sticks to the finger.

For some time past, the use of the word "been" has been used for "have" and other such errors have been applied to the grammar books and cases.

No money to pay: "You ought to pay me for the money I lent you! Good Lord, man, I lent you money!"—Dartmouth College student.

Give Jewelry---the Gift Long Remembered

We remember our friends largely by the things that are constantly acting as a reminder to us. The same applies to quality Jewelry, the kind that remains with us for a life time. Such gifts will be ever cherished, appreciated and in years carry with it a deep sentiment.

J.C. SNYDER

OPPOSITE THE COURT HOUSE

WITH THE HUNTERS

The Goshen camp landed a fine four-prong buck yesterday. The executioner in this case was Earl R. McHenry. "Mac" lay in wait for the buck on a runway along Rattlesnake run and when Dean Reed chased him out "Mac's" unerring aim brot him down. Two bottles of catsup were tapped at the camp last evening to properly celebrate the event.

The Schrote camp broke up yesterday. They secured but one buck this year. "Gasoline Gus" reported a second one to The Progress but "Red" Fullerton said those Bedford county fellows never could tell a buck from a chipmunk and that second one reported was a ground squirrel.

The weather has been very much against the deer hunter practically all season. Despite this fact a great many deer have been slaughtered.

Our special correspondent at the Crystal Springs camp called us up this morning to inform us that their total kill thus far was four fine bucks. It should have been five but old "Sure Shot" Bud Lee fell down at the psychological moment and the camp recorder was forced to place on the scroll opposite Bud's name "missing in action." He was, too, because he had four separate and distinct chances—four—count them—

and each and every separate time the high power bullet flew wide—oh, very wide—of the mark. Bud did his missing on Lucky Point—it was lucky for the deer they didn't have some fellow on that stand who could shoot. In telling the story of his downfall Bud said the deer was jumping at the first three shots and when it stopped for the last one he was jumping hence the perfect batting average.

After an absence of several years the Watson boys and their gang were back on the mountains in the deer woods this season. Bill and Joe were the only male members of the crew seen and recognized while it is said a Pittsburg newspaper man bought a pint of home-made "hootch" from Mag out near the Panther Rocks on Friday evening last.

Specific. A traveler who alighted from the train in a small Southern town was greeted by a colored porter, who shouted at him: "Palace hotel, boss," and grabbed the traveler's baggage, and the latter said: "Wait a minute, Rastus. Is this hotel American or European?" And Rastus replied: "I dunno, boss, but I think they're Irish."—San Francisco Chronicle.

Dear, Dear! "Why don't you strike Easycoin for a loan?" suggested Sloppy. "I did," sighed Hardup. "But he told me that I had struck him centsless."—Cincinnati Enquirer.

COURT NOTES

In civil court yesterday a jury returned a verdict of \$3055 for Mrs. Elmira Prothero, who brought suit against the Hardware Dealer's Mutual Insurance company for a loss insured under a policy of that company. The verdict was subject to a legal question involved. Mrs. Prothero was represented by Penta & Penta, while Boulton & Forsyth and Woods looked after the insurance company's interests.

A. H. Woodward, Esq., has entered suit in the Clearfield county courts on behalf of Clinton Thomas, who seeks to recover \$533.99 from Albert M. Jones on an automobile deal, which Thomas alleges Jones failed to complete according to agreement.

Regular December criminal court commences on Monday next with a large number of cases listed for trial.

ONE DAY FUR SALE

WEDNESDAY, DECEMBER 15TH ONLY

Wonderful Display of Jackman's Fur Fashions At Leitzinger's

A Salesman's \$50,000.00 Sample Line On Sale at Substantial Reductions From Retail Reductions.

This showing consists of Wraps, Coats, Stoles, Capes, Scarfs, Throws, Chokers, Collars and Muffs, and will be in personal charge of Charles G. Wilkin, representing the well known firm of William Jackman's Sons, America's leading wholesale fur house, which is a sufficient guarantee of the quality of every piece on display.

Here is everybody's opportunity to buy their winter furs of coat direct from the manufacturers at prices which are 25 per cent less than the season's regular prices.

Remember, this is not an ordinary event, viewed from any standpoint. This display consists of women's fur garments of the better class, yet priced on such a basis as to make it a very real inducement to purchase now.

FURS INCLUDED IN THIS SHOWING

are Hudson Seal, Sable Mink, Mink, Squirrel, Seal, Cooney, Japanese Mink, Brown Marten, Seal, Australian Opossum, Fox, Wolf, Chamois, Kolinsky, Russian Fitch, Jap Coon, Fox, Seal, Fox, Marten, Cross Fox, and Skunk; in fact every fur that adaptable for service is represented in this remarkable showing.

It will be a liberal education to inspect these Furs and have them explained to you.

LEITZINGER BROTHERS

Holiday Music

Puts the dancing joy of Christmas into youthful hearts

The Yuletide spirit—that joyful exuberance of youthful hearts, and hearts that are always young—is best expressed in music. The home without music on Christmas day lacks the true holiday joy.

A Brunswick phonograph is the gift to one that brings joy to all. It opens to you the treasure chests of the world's most beautiful, most inspiring, most thrilling musical creations. It is the instrument of all others to own because it is the instrument which reproduces all records, of any make.

Brunswick

PHONOGRAPHS AND RECORDS

Pages of type could not convince you of the superiority of Brunswick quite so easily, as one hearing of this superb instrument.

Come and let us demonstrate it to you. Examine the Ultona, the marvelous reproducer which makes it possible for The Brunswick to play any record made. See the Brunswick Oval Tone Amplifier, the all-wood throat and tone chamber, which gives The Brunswick its glorious resonance and sweetness of tone.

Select your Christmas Brunswick early!

Come early and avoid the crush of Christmas crowds. Take plenty of time to hear a full concert, reprofucing all makes of records. Give yourself time to examine the matchless cabinet work of our cases. Select your Christmas Brunswick now while our stocks are large and complete. You will be repaid.

Ask the clerk to explain to you the secrets of Brunswick superiority

Have you heard Brunswick Records?

ACHES AND PAINS— SLOAN'S GETS 'EM!

Famous pain and ache Liniment. Keep handy, brings warming, gratifying relief.

REHEUMATIC twinges ease up soon. So do stiff joints, lame back, neuralgia, overtaxed muscles, and those pains from weather exposure, too—they don't fight long against the counter-irritation that Sloan's Liniment produces.

Always keep this old family friend handy for instant use—a little penetrates without rubbing, leaving no skin stains, rashes, or clogged pores. Its very odor—healthy and stimulating—suggests the good it will do.

All druggists. Three sizes—35c, 70c, \$1.40. Largest size is most economical.

Sloan's Liniment

They Bought Nash Cars

Now we have the following second hand cars for sale:

Quick Roadster, 1919 model, cord tires with two extras. General condition of car excellent.

Chevrolet Touring model 490. Good condition.

Nash Five Passenger 1918 model. In good condition.

Any of the above cars will be sold at a bargain to a quick buyer.

DO YOU KNOW WHAT PRESBYOPIA IS?

It is a condition of the eyes which everyone experiences after middle life. It is characterized by a gradual loss of the focusing power of the eyes. Every presbyopic person needs glasses for reading. Without them the eyes are sure to be strained. And as the eyes are constantly changing, the presbyopic person must have his lenses changed at least every two years. If you are middle-aged or more, this message is for you.

Start Xmas Morning With Music On A Gulbransen Player Piano

Great time to start! The whole family will enjoy every note. And the beauty of it is that you needn't be a finished musician in order to produce the greatest work of the old masters. All that is needed is to slip on a roll and start your feet on the pedals and from out the piano comes the beautiful music.

As Xmas approaches the stocks begin to thin out—better assure yourself of a delivery by coming in now.
